On Friday this week, NSW celebrates World Teacher’s Day. This is a day where we recognise and acknowledge the wonderful job that our teachers across the state do. We are so fortunate to have a group of staff who care so deeply about the children in our community and work tirelessly to provide the best opportunities for them. Teaching is an extremely challenging and rewarding profession and I know that our Bermi teachers would all agree that we have the very best job in the world. I would like to personally thank our teachers for their dedication and the unending energy they put into their work. If you see one of our amazing teachers on Friday, be sure to show your appreciation too!

Consulting with our community is an important part of our planning for 2016. We would love your input at a session to be held in mid November here at school. Further details will be sent home in the next week but it would be great if you could start thinking about any ideas you have to make our great school even better!

Leah Martin

Arthur Morris from Year 2/3 Gadhu is recognised for being caring and helpful to others, especially to a new student, his cousin! Arthur’s attitude and effort is an example to others. Arthur and Keori had a healthy morning tea with Miss Martin and spoke about how they love everything at school, especially playing handball! Arthur would like to be the captain of the Cowboys when he grows up and I was thrilled to hear that he would like his other job to be the Principal of a school so he can help kids! Great choice Arthur! Keep up your kind, helpful and enthusiastic attitude!

P&C BUS SHELTER PROJECT

A big thank you to Charlie Mead of Bermagui Fencing and Rick Schaefer (not pictured) for the supply of the timber poles for the bus shelter that is currently being constructed on the flat. Hours of hard work has resulted in these fantastic solid poles that are stage one of the shelter.
