YEAR 5 AND 6 EXCURSION
Congratulations to the students who attended our excursion last week. It was fun with a very busy schedule over four days with Mr Constable’s step counter recording over 40kms of walking. Well done to Mrs Prior who organised the activities that students not only enjoyed, but made connections with information learnt in class. Thank you also to Steve and Peta who were a wonderful help. On the back of this newsletter, some students have written a brief recount of their trip.

LIBRARY WALK
On Wednesday, 27 May, Year 1, Year 2, Ms Munn and Miss Smith walked to the town Library to participate in the National Simultaneous Storytime. We listened to Willow read ‘The Brothers Quibble’ by Aaron Blabey. We thoroughly enjoyed the book and had a wonderful time. We thank the Library for their invitation and look forward to the next outing.

Kindergarten watched and listened to the story online with Mrs Gorman in the school Library.

STUDENT OF THE WEEK AWARD
Our Friday award this term recognises Students who display an Enthusiastic Attitude to Learning.

The award this week goes to Coby Van Teulingen in Year 2/3 for always being a wonderful, supportive and caring friend to her entire class and always doing her very best. Coby visited Mr Constable with her friend Ella. It was great to see Coby so organised with her own milk! Coby talked about her love of writing narratives and Mr Constable looks forward to the day he can sit back on his camping chair reading a novel by Coby!

SCIENCE COMPETITION
Mrs Caves will conduct the ICAS Science competition with those students that entered this Wednesday.
**CANBERRA / SYDNEY EXCURSION**
Monday: After a long and tiring bus trip, Years 5 & 6, Mrs Prior, Mr Constable, Peta and Steve, arrived in Canberra, at the National Portrait Art Gallery. While we were there we found the notorious bush ranger, Ned Kelly’s death mask. Everyone was intrigued when the security guard explained the history of the death mask. We also visited the Old and New Parliament House, the War Memorial and finally finishing the day with tenpin bowling.

Tuesday: We travelled to the Blue Mountains. A little while after we arrived, we hopped on a cable way and looked at the spectacular scenery surrounding us. After that we went on the steepest railway in Australia. We walked on a bush track and spotted a few Lyrebirds. On the same day we also went to the Olympic Park Aquatic Centre and ending the night with the spectacular Vivid light show.

Wednesday: We drove to Taronga Zoo. First we explored the reptile section, we then wandered into the African safari. There we saw the giant giraffes, clever monkeys, along with the stripy zebras. We watched the bird show where many Australian birds flew over our heads. We travelled to the Sydney Opera House by ferry, after that we walked to Sydney Tower, the tallest building in Sydney.

Thursday: On our last and final day in Sydney, we were woken at 6am, we packed all our things and headed for the bus. We stopped at the Science Planetarium in Wollongong. It was a long trip! We also stopped at the gold mine at Old Mogo Town where we explored the gold rush town. Our tour guide took us gold panning and most of us found flakes of gold.
